Livestock Gestation Wheel

BREED DATE IN, DUE DATE OUT

Breed date in, due date out

Breeding dates are the only dates on a farm that generate ten more dates each. Write the breeding date once here, and this journal gives you the due window, the check date and the supply list for the day it happens.

SPECIES	DAYS	RANGE	WHAT TO WATCH FOR
Cattle	283	285	Calf watch at day 270
Goats	150	152	Signs: liggings, restlessness
Sheep	147	150	Most lambs come at night
Pigs	114	115	Farrow at 113 to 115
Horses	340	342	Bagging up in the last month
Donkeys	365	370	Long and slow
Rabbits	31	32	Kindling box in by day 28
Dogs	63	63	Rectal temp drop before whelp
Cats	64	66	Nesting behaviour in the last week

How to use it. Turn to the species page, write the breeding date, count the days, and write the due window. Then count forward twenty one days for cattle and a shorter interval for the others to see whether the breeding took, before you feed for months on a hope.

SAMPLE

PLEASE READ THIS PAGE

This is a printable planning document, not professional advice. It is sold as a reference and a record keeping tool. It is not legal, financial, tax, medical, veterinary, engineering, agronomic or safety certification, and it does not replace a licensed professional, your local code official, your county extension office, or the manufacturer of any product you use.

You are responsible for your own decisions. Conditions differ by place, climate, equipment and person. Read the whole document before relying on any figure, date or interval in it, confirm anything that matters against the current official source, and use your own judgment before acting.

Some subjects here can cause injury, illness or property damage if done wrong. That includes food preservation and curing, work around animals and livestock, electrical work, generators, fuel, tools, ladders, roofs, water systems, and any task described in the safety material. Follow the current official source (the USDA or National Center for Home Food Preservation, your county extension, your veterinarian, the manufacturer, your local building code) wherever it differs from this document. The official source always wins.

No liability for injury, illness, loss or damage. Delta Ridge Technologies is not responsible for any injury, illness, loss, spoiled food, equipment damage, animal loss, property damage or financial loss that results from following, misreading or misapplying anything in this document. If a figure here disagrees with the authority, the authority is right and this document is wrong.

WARRANTY AND LIMIT OF LIABILITY

This document is provided as is, without warranty of any kind, express or implied, including fitness for a particular purpose. If a file is defective or will not open, write to us and we will send a replacement or refund the purchase price in full. That refund is the limit of our obligation and our liability, and we are not liable for indirect or incidental or consequential damages. These terms are governed by the law of the State of Arkansas.
